Reopening of Theater Set Definitely July 7

REDECORATIONS AND ALTERATIONS NOW IN PROCESS DUE TO PUBLIC RESPONSE

Sierra Madre will have a motion picture theater once again when its owner, Harold Stein, reopens the establishment at 87 W. Sierra Madre Blvd. July 7.

It will be completely refurnished and redecorated for its new run of motion picture presentations made possible through popular demand and the purchase of bargain tickets now selling in advance.

The theater, dark since April 19, will come alive not only with new lights and decorating but also with a new box office that is being moved to one side of the entrance to improve the appearance of the exterior.

Stein, who has been heartened by the encouragements of many Sierra Madreans who want the theater in operation, believes that people will continue to buy the tickets in advance as an expression of their approval of the new venture—and also because each ticket entitles the holder to 12 admissions for the price of 10.

The tickets may be purchased at various business establishments in downtown Sierra Madre or from Stein who is keeping office hours at the theater from 7 p.m. to 9 throughout the week. All mail or communications should be addressed to him there.

Money from the ticket sales is being put immediately into improvements of the theater, according to Stein who also

says his plans for a general redecoration will include the installation of 200 new seats.

In the past, many seats have been damaged or destroyed by juvenile pranksters, but Stein says he believes such vandalism will be greatly diminished through the good work of the Semanons' teen-age club and the Sierra Madre Youth Activities Association, an organization of adults devoted to the promotion of teen-agers' enterprises.

Prominent among those who have expressed the desire to see the theater once more in operation are, besides young people, persons without cars, and older people who enjoy motion pictures only if they don't have to travel far to see them. In the letters Stein has received in this respect one of the greatest surprises was correspondence from two residents of San Marino who expressed their disappointment when the theater closed.

'Communities Night' July 7 Promoted Here

Civic-minded men of Sierra Madre are working to promote the "United Communities Night" at the Hollywood Bowl, Thursday, July 7. This is the inauguration of the Bowl's 34th musical season and has been designated "United Communities Night" to remind residents of Los Angeles County that as a county-owned project each community has a stake in its success.

A. E. Morgan, president of the Chamber of Commerce and vice president of the Bank of Sierra Madre, and Anthony Cavalli will be co-chairmen for this area. They plan an energetic campaign with local clubs and organizations to insure a good representation for the opening night performance which features Dorothy Kirsten, glamorous Metropolitan soprano, and George Solti, conducting the Los Angeles Philharmonic Orchestra.

Where desired, special bus service will be available from various areas to take Bowlgoers over and return them without the stress of driving being put upon the individual.

Reserved parking is available, however, Families and groups of friends may plan a picnic supper at the Bowl or they may dine at the restaurant on the grounds. A special section will be roped off and designated by sign as Sierra Madre's own.

Tickets may be purchased at the Chamber of Commerce, 94 N. Baldwin Ave., by persons calling in person or by telephone, Custer 5-6226. Prices are 50 cents each, or \$5 for a book of 12 in the general admission class. The tickets may be exchanged at the box office for reserved seats at any time.

Fourteen Attendance Awards Given at Lions' Installation

The Sierra Madre Lions Club installed new officers and presented 14 members with attendance awards at its installation dinner-dance Saturday evening at Carpenter's restaurant in Arcadia.

The new officers are Francis B. Barbour, president; Carl R. Lotz, first vice president; Perry H. Brown, second vice president; Paul Landwehr, third vice president; George G. Hannaford, secretary; Richard B. Reynolds, treasurer; Vern E. Eppard, "Lion Tamer"; William "Red" Waite, "Tail Twister"; Directors Percy C. Kortkamp, Albert E. Morgan, E. H. "Doc" Wall, and Douglas R. Dickson.

Those who received the honorary pins for 100 per cent attendance are Francis B. Barbour, Robert Buttane, Douglas Dickson, Vern Eppard, George Hannaford, Percy Kortkamp, Paul Landwehr, Richard Reynolds, E. H. Wall, Ralph Welch, Lloyd Welch, Sydney Westfall, Oscar Willumsen, and Daniel Wilson. Of these, seven have earned this award each year since they joined the club which is now beginning its tenth year here.

During the dinner it was re-

ported that the Lions, besides making financial donations to Campfire Girls, Blue Birds, and Girl Scouts, also have made donations to those who have met with misfortune in keeping with the club's code of ethics which reads in part: "To take an active interest in the civic, commercial, social, and moral welfare of the community."

The Lions also have assisted the Little Coast League, the Community Concert Association, and the Community Band along with many other civic and welfare projects.

The special projects of the Lions are the "Student and Speakers' contests and "White Cane Day," the latter of which promotes aid to the blind and sight conservation.

Other projects sponsored by the Lions have included special events at the Canyon swimming pool and assistance in reactivating Sea Scout Ship 391.

The immediate past president of the Lions is Lawrence T. McGinnis and the installing officer at the Saturday ceremonies was John F. Lamb, Sr., past president of the Pasadena Lions Club.

THE BIG CELEBRATION may not be until June 30 through July 2, at which time the Sierra Madre Hardware Company, Inc., will hold "Open House" with gifts for all, but in the meantime Sierra Madre's oldest business institution now is serving its customers at a new address, 21 Kersting Court, while still in the process of moving the kind of stock that people seldom see except "the boys in the back room." Those who were in this far-reaching picture were, from left to

right, Richard Trexler, a paint sales representative; Wynn Stratton, Charles Totten, Raymond Smith, Dorothy Pound, Sid Westfall, William Burns, a wax salesman; Tom Schwartz, and two unidentified customers who maybe got in the back way before the store was opened. Emile Smith, a member of the corporation, with Schwartz and Westfall, was absent at picture time.—(Photo by Joe Hinojos.)

Local Masons May Attend 3rd Degree

Officers and members of Sierra Madre Lodge No. 408 F. & A. M. have been invited to participate in a Third Degree ceremony at Temple City Masonic Lodge No. 612 Tuesday evening beginning at 7:30.

The Sierra Madre lodge will be dark that night, and there will be no dinner preceding the scheduled meeting of July 5. Tonight all Master Masons are invited to a Third Degree at the Monrovia lodge at 7:30.

Little Coast League Opens Registration

Registration for the Little Coast League is now open to any boy who was 9 years old on or before January 15 of this year. Registrations will be taken on the playground of the Sierra Madre Grammar School on Highland Ave. Saturday at 1:15 p.m.

The following men will serve as coaches for the 1955 season: Bill Bodley, Carlton "Tiny" Scalzo, Henry Nuetzel, Al Foxton, Warren Marshall, and

'Family Fiesta' Guests to Visit New Shrine at Retreat

The twelfth station of the cross has been completed at the Mater Dolorosa Retreat House, 500 N. Lima St., in a terraced shrine-like setting of California flowers and tiered rocks gathered from all parts of the state.

The cast stone grouping represents the crucifixion of Christ, with His Sorrowful Mother, St. Mary Magdalen and St. John the Apostle at the foot of the cross.

It will be shown at the eighth annual Family Fiesta, to which the public is being invited, June 26, according to the Rev. Fr. Isidore O'Reilly, C.P., retreat director. The Fiesta will include a dinner, children's rides and a carnival throughout the day. The prime ribs dinner, with children's servings at half price, will be served from Sunday noon to 6 p.m.

Four other recently completed stations along the way of the cross depict Christ's anguish meeting with His mother, His help from Simon of Cyrene, the nailing of Christ to the cross and the reception of His body into the arms of His mother.

The stone masonry work has

been done during the past several years by William J. Schiltz, former mayor, city council member and planning commissioner of Sierra Madre.

Wives and families of men who have made more than 48,000 retreats have been invited to the Family Fiesta to inspect improvements in the retreat house grounds.

CONTRIBUTIONS OF FATHERS REVIEWED BY NURSERY GROUP

Members of the Sierra Madre Community Nursery School Association, since the closing of the school year, have been taking stock of the achievements of the fathers in the construction, maintenance, and beautification of the school's building and grounds.

Through the year Richard Young, retiring facilities chairman, was assisted by Paul Campton, Richard Tuchscherer, Wayne Sinnott, and Andrew Hedblom in the planning of the monthly work days. Many other fathers also cooperated by turning but to assist the chair-

Four Teachers Leave Public Schools Here

Four teachers are leaving Sierra Madre public schools this year. Three of them will teach in other districts, and the fourth will be retired.

William T. Stafford, who has taught fourth grade at Sierra Madre for one year, is leaving to teach a fifth grade in Monrovia City Schools.

Elliott C. Ellenson, fifth grade teacher who has been studying school administration, has taken a leave of absence for one year to gain wider experience. He will teach a sixth grade for Los Angeles schools. He has been on the Sierra Madre staff for five years.

After 29 years of teaching at City School, Miss Claire New-

Pioneer Business Grows with City

Sierra Madre Hardware Now Occupies 95-Foot Frontage

The Sierra Madre Hardware Company, Inc., the community's oldest business establishment begun in 1887, is now doing business at its new address, 21 Kersting Court, in a move for expansion symbolic of the growth of Sierra Madre itself. Although the store is scheduled to stage its formal "Grand Opening" not until

June 30 through July 2, the men of the corporation—Tom Schwartz, Emile Smith, and Sid Westfall—along with their employees are serving customers in the present period that might be likened to a "shake-down cruise" for the testing of a new ship.

Located in what formerly was the Bank of Sierra Madre building, the new establishment now occupies 50 per cent more space than the store at its former address, 31 W. Sierra Madre Blvd., where the pioneer company had served its customers since 1912.

Because of its new size and stock the men of the corporation estimate that it will take at least two weeks to move its products which include many items that do not show at the front of the store—such as window glass, pipe fittings, and other household and building equipment.

A principal feature in the "shakedown cruise" will be the quick check-out stand, an innovation in the hardware business that makes it possible for a customer to buy his product in a hurry without having to wait while employees give their time to those who need advice for a particular need.

The new arrangement also makes it possible for the 12 people employed there to give more time to the customer who finds himself in great deliberation or dilemma.

The change to the new store, which offers a 95-foot front compared to the old store's 33-foot front, has not affected the company's plumbing department which has been answering all telephone calls throughout the transition period.

School Board Plans Budget Meet Tuesday

A tentative budget for Sierra Madre public schools will be reviewed at the regular board meeting at City School Monday beginning at 7:30 p.m.

Further consideration will be given budget matters at an organization meeting, July 14, and July 25, when figures from the county will be available.

A public hearing on the completed budget is scheduled for August 1 in the board room of City School, 141 W. Highland Ave.

No Fire; Just Testing for Civil Defense

If your equanimity is disturbed several days next week by single blasts from the City Hall siren between the hours of 10 and 11 a.m., don't attempt to locate the fire. City Administrator Bevington is conducting another series of tests for civil defense purposes, and if the experiments temporarily affect your composure—or your ear drums—they will be considered a success. In the event of enemy attack, Bevington wants to be assured that you can hear the warning signal.

The tests of two weeks ago proved that warnings are not yet adequate, and additional tests must be made. Co-operation of citizens in reporting the results is not yet necessary. Bevington said, but will be requested later. Public response in reporting to the City Hall two weeks ago was much appreciated, he said.

Of course, the usual fire alarms will be sounded during those hours if necessary.

Roess Market Features TV Western Star

Wrangler Jim and his horse, "Cochise," seen daily for Dr. Pepper over KABC-TV, Channel 7, will appear in person at Roess Market, 331 W. Sierra Madre Blvd., this evening from 5 to approximately 5:45 o'clock.

The popular Western television star will entertain and autograph photos of himself and his remarkable horse. All Wrangler Jim Fosse members are invited to come and meet the Wrangler at this special personal appearance.

Wrangler Jim's show, from noon to 1 p.m. Monday through Friday, is one of the most popular with Southland youngsters.

Famous guests and posse members are featured regularly on the telecast. Those who would like to appear are asked to call the Wrangler at KABC-TV.

Band Music Begins Summer Season in Spite of Calendar

Although June 21, the longest day in the year, is the official beginning of summer, more than 200 Sierra Madre residents attending the Community Band concert in City Park last Friday evening discovered that the oft-sung days of "the good old summer time" had begun ahead of the calendar.

Seasonal dates were, in fact, of small importance to those who occupied the park benches or relaxed in the comfort of their own blankets and pillows on the park's lawn. They were listening to a band that not only is much improved in its third year but one that has captured the old-time flavor of days past when "concerts in the park" became a tender memory for almost every American who was born before television.

A special feature that brought applause from the listeners, who have grown in number with each concert during previous seasons, was the contest for amateur band directors, all three of whom came from the audience to try their hands at leading a band. It wasn't easy, but it was fun—especially for the audience.

It was the imposing figure of a man, Caden Jenkins, that led off, but with an approach so cautious that the results were considerably slower than the march tempo required. He took it in good humor, however, especially when his wife, who followed Mrs. H. P. Stearns, moved into her own turn with such energetic inter-

pretation that she marched off afterwards with the cake donated by the Wistaria Bakery for the prize.

Each of the three amateur directors received a book of tickets for the drawing to be conducted for the awarding of a man's wristwatch during the band's July 15 program at City Park.

Joe Bush was master of ceremonies for the evening, and the audience was addressed by Mayor Charles James and Recreation Commission Chairman Ralph "Pappy" Welch. Welch, who is retiring from the chairmanship, presented "Oscars" to Recreation Director Philip

ROLLING CAR HITS NEIGHBOR'S HOUSE

Another instance of the danger of Sierra Madre's hilly terrain was evidenced last Thursday afternoon when a car crashed into the living room wall at the home of Henry C. Joneson, 1940 Vista Ave. Presumably, the hand brake failed or had not been set correctly, and the auto rolled across the street from a neighbor's garage, acquiring sufficient momentum to cause \$1,000 damage to the Joneson house.

No one was injured, as Mrs. Joneson was in the den at the time of the accident. The damage is covered by liability insurance on the auto, which, according to Mrs. Joneson, sustained minor damage to one fender.

NOBODY WAS TWISTING the Lion's tail at the new officers' installation dinner Saturday night when the Lions Club members got together at Carpenter's restaurant in Arcadia, but after the formalities were ended the men and their wives celebrated the occasion with a dinner dance and other festivities. The new president, left, who received the

gavel is Francis B. Barbour, John F. Lamb, center, is a past president of the Pasadena Lions Club who acted as installing officer. At the right, with the smile of a man who knows the responsibilities he is handing over, is Lawrence T. McGinnis, immediate past president of Sierra Madre Lions Club.—(Photo by Al West.)

As this is written, representatives of all the responsible governments of the world, plus a few which aren't responsible, are gathering in San Francisco to celebrate the 10th birthday of the United Nations.

The President of the United States will welcome and offi-

cially open the meeting. As Walter Lippman pointed out the other day, no nation is willing to resign from this organization and those who are not in it are eager to get into it. The reason is that all the thinking people of the world realize that the terrifying advances in atomic power make it imperative for those who believe in peace and human rights and freedom to stick to an organization which stands for the advancement of those aims by peaceful means.

The mere fact that Russia, which is continually defeated by actions of the United Nations, does not dare withdraw from it is evidence of its great moral power. And the fact that nations which tried for years to use it as a sounding board to divide the free world, only to fail, have lately turned to more conciliatory attitudes is evidence that it is gaining in moral force.

Only two years ago many persons in politics were saying: "Get the United Nations out of the United States and the United States out of the United Nations."

That is talk you very rarely hear any more. Those who still feel that way hesitate to say anything publicly which puts them in direct opposition to our national leadership. But the awesome power of nuclear weapons has vastly diminished the number of those who feel that way. We Americans always feel we can win any war we get into, but we know that atomic war would leave even the victor crippled for life.

Mock bomb raid last week, based on the theory that as many as 350,000 persons would be killed in a single city and its most important buildings, industries and utilities destroyed, are enough to make anyone realize there must be better ways of settling arguments.

The New York Times recently asked the famous Professor Tynby if peaceful co-existence was possible. He replied that for a long time it probably could not be entirely peaceful, but that we had plenty of historical proof that peoples holding bitterly antagonistic ideas can settle down to peaceful co-existence.

For centuries the hosts of Christendom and of Islam each thought that unless the other was wiped from the face of the earth the whole world was lost. For many generations, in Europe, Roman Catholic and Protestants felt that same way about one another. . . . But the United States demonstrated that under laws fair to all, Catholic, Protestant, Islamic, Jew, Buddhist and members of any other sect which does not infringe on the rights of others can not only live in peace but cooperate in city councils, boards of directors and what not.

Most of us forget how inhumanly cruel and unjust our ancestors were, 1000 years ago, to those whose ideas they opposed. Now we know that men of genuine good will, whatever their political or religious beliefs, can cooperate for the welfare of all of us. In fact, we naturally draw together, and cannot remain far apart, when we genuinely and sincerely strive for the good of all. Ella Wheeler Wilcox put it all in a quatrain:

So many faiths, so many creeds,
So many paths that wind and wind,
When just the art of being kind
Is all the sad world needs.

That art, applied religiously, politically and generally, could make a happy, prosperous, progressive world. But cherished hostilities may ruin it.

Congressman Edgar W. Hiestand
REPORTS THE
WASHINGTON NEWSHIESTAND INTRODUCES BILL TO
ASSIST AIR POLLUTION CONTROL

Representative Edgar W. Hiestand (21st Dist. Calif.) has introduced a bill in the House of Representatives to amend the Water Pollution Control Act in order to provide coordination of research and technical assistance for the control of air pollution.

"Control," said Representative Hiestand, "is probably a misnomer. I used it simply because it was a part of the existing law on water pollution. Scientific investigation and the coordination thereof, is provided for in the bill which I have introduced."

"It is similar to the Kuchel bill recently passed by the Senate and sets up a control board consisting of the Secretary of Health, Education and Welfare, the Surgeon General of the Public Health Service, and heads of other Federal Agencies, State and local government, Air Pollution Control Agencies, public and private educational institutions, to prepare or recommend research programs for eliminating or reducing air pollution."

"It will build upon the foundations of knowledge and information already developed by many local agencies."

"Smog has become a national problem, certainly an interstate one, and the study of it can well be coordinated on a Federal level. Enforcement and smog control should be, and is, in charge of local law enforcement agencies, but the research and scientific study of the good work of all communities might well be coordinated for the good of all. To this end I have introduced this bill."

"My two other bills affecting the smog problem," stated Hiestand, "that providing for FHA financing terms for the very expensive equipment needed for industry control and that providing for rapid amortization of these high and immediate costs, both have promise of early consideration by their different committees."

"I intend to keep on pushing for final passage of all three measures at this session. It should go far toward solving our very vital smog problem," he said.

Representative Hiestand also expressed considerable satisfaction at the increased appropriations for Forest Service included in the Conference Report passed by the House.

"Although there were reductions in the bill, since it included the Department of Interior and related Agencies," said Hiestand, "the Forest Service, long treated as something of a step-child, was increased in the aggregate by some 5 million dollars to approximately 90 million dollar total budget for the year."

"Appropriations for the four Southern California forests, including the Angeles National Forest in our own 21st District, included the \$250,000 added last year by supplemental appropriation and an extra \$125,000 added this year for Forest Protection and Management. In addition to this, an extra \$300,000 was agreed to by the Senate and House Conference for these forests."

"Many other items, however," said Rep. Hiestand, "of importance to patrons and lovers of the Angeles National Forest, were increased. Public Camp Grounds and Sanitation was increased by \$500,000; Water Resources Management by \$200,000; Permanent Maintenance and Improvement by \$250,000; added Forest Rangers, \$150,000; Re-forestation and Re-vegetation \$500,000; Range Management, \$470,000, and many other important items. Cooperation with the States and other Agencies for Fire Control is now raised to \$10,000,000 and cooperation with State Forest Management is now increased to \$682,000."

"All in all, I would say the bill is good news for the Forest Service and for lovers of our great national resources and recreation facilities. I don't think we went far enough, but certainly raising the House bill for National Forest Protection and Management by three million one hundred thousand was of itself an achievement."

"Added to this there are flexibility clauses in the revised bill so that, if needed, the Angeles National Forest will have available more substantial funds than ever before. This is real solid achievement for our National forests."

"People do most of their worrying over what they suspect—rather than over what they know."

Burhenn-Andrews Vows Solemnized June 17th at All Saints' Church

Regina Alden Andrews and Robert Lee Burhenn recited their wedding vows in the presence of Dr. John F. Scott in the All Saints' Episcopal Church, Pasadena, June 17.

The bride, given in marriage by her father, is the daughter of Mr. and Mrs. Raymond Daniel Andrews, 692 W. Sierra Madre Blvd. Her husband's parents are Mr. and Mrs. Albert Charles Burhenn of Pasadena.

The bride was attended by Mrs. William C. Marchhoff, matron of honor, and Mrs. William Krueger and Miss Jacqueline Gaudin, bridesmaids.

The best man was Raymond Summers, Jr., and the ushers were William C. Marchhoff, Raymond D. Andrews, Jr., Dennis Kesterson and William Krueger.

The bride wore a white embroidered organza gown fashioned with a portrait neckline and short sleeves. Five organza tiers formed the floor length bouffant skirt which cascaded into a train. A fitted organza cap appliqued with seed pearls held her hair in a finger tip illusion veil. She carried a fan bouquet of white roses, stephanotis and lilies of the valley. The bride attendants were

gowned in pale blue pique ballerina length frocks with matching accessories. Shower bouquets of pink roses completed their ensembles.

Mrs. Andrews wore a model of rose lace with pink accessories and Mrs. Burhenn was gown in blue lace and organza.

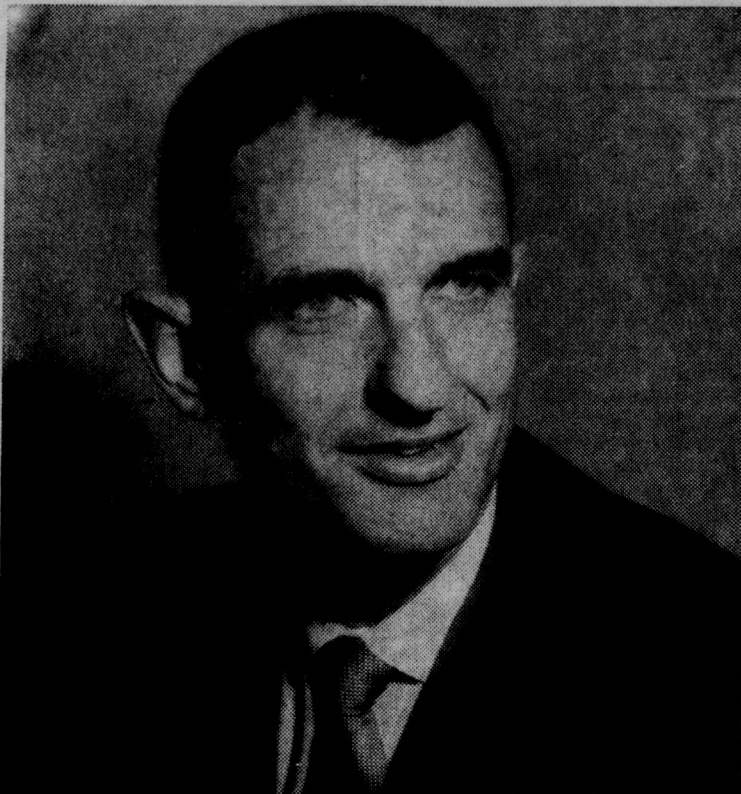

A reception for 200 guests was held in the Parish Hall.

The newly married couple left for a southern tour. They will summer at Alamitos Bay and be at home in Pasadena in the fall.

RICHARD W. LEES

Office of Harry Lange Makes Insurance Partnership July 1

The realty office of Harry A. Lange, which also offers a complete insurance service, today is announcing an insurance partnership that will become operative July 1 when Richard W. Lees, a native Sierra Madrean with much insurance experience here and throughout Southern California, joins the office.

The new partner has been known here as Dick Lees ever since the days when he was selected as the first student to lift the honored shovel in the groundbreaking ceremonies for what was then the new Sierra Madre City School at 141 W. Highland Ave., which he attended before moving into the upper grades at Pasadena City College.

He entered the insurance business in 1942 when he became a safety engineer for the

Los Angeles Ship Building and Dry Dock Corp. in San Pedro, where he worked in connection with workmen's compensation insurance. From there he went to Cosgrove & Co., where he specialized in the insurance engineering field.

In 1947 Lees brought his insurance experience to Sierra Madre for four years before joining the New Zealand Insurance Co. in Los Angeles.

Once prominent here in all phases of Scouting as Cubmaster, Scoutmaster, and in district activities, he is returning to this civic field by becoming the Health and Safety Committee chairman for the Mt. Wilson Boy Scout District.

Dick Lees and his wife, now reestablished in Sierra Madre at 260 Grove St., have three children—Dennis, 19; Richard, 17, and David, who wants people to know that he is two and almost three-quarters.

Insuranceman Lees is the son of W. R. "Bill" Lees, Sierra Madre's building inspector for many years, whose birthday just celebrated at City Hall makes news in this week's issue of the Sierra Madre NEWS.

Vira Marie Schroeder Exchanges Vows With John Gust Koulouras June 18th

Vira Marie Schroeder, daughter of William P. Schroeder, 460 E. Grandview, and the late Mrs. Schroeder, became the bride of John Gust Koulouras, son of Mr. and Mrs. J. G. Koulouras of Norwalk, Calif., in a double ring ceremony at St. Rita's Catholic Church June 18. Father Thomas O'Malley read the service.

White flowers, accented with pale pink and blue, were used in the large bouquets and pew nosegays in the church.

The bride was given in marriage by her father and was gown in a white nylon tulle and applique organza dress fashioned with a fitted bodice and a full skirt which cascaded into a chapel train. Her elbow length French illusion veil was edged in lace and fell from a coronet of lace and lilies of the valley. The bride bouquet was a spray of white orchids and lilies of the valley.

The bride was attended by the groom's sisters, Mrs. Carl Vaughn was matron of honor and Jeanette and Betty Koulouras were bridesmaids. Pat Koulouras was the junior bridesmaid. All of the girls wore sapphire blue taffeta full skirted gowns and carried fans with an arrangement of sweetheart roses, carnations and delphinium attached.

The flower girl, Jacqueline Gilbert, daughter of Dr. and Mrs. Jack C. Gilbert, wore a sapphire blue floor length dress. Her heart-shaped bou-

quet and coronet were of sweetheart roses, carnations and delphinium.

Carl Vaughn served his brother-in-law as best man. The ushers were George Heavin and Raymond Bailey. The junior usher was Darriel Dickens.

The grooms' mother was attired in a blue afternoon dress accented with white. Gardennias and stephanotis were used in her corsage.

Mrs. Gilbert, who was seated in the bride's family pew, wore a powder blue lace afternoon ensemble and her corsage was an arrangement of gardenias and lilies of the valley.

Following the ceremony a reception was held in the parish hall. The tiered wedding cake was centered between two silver candelabra with low floral arrangements of gardenias, sweetheart roses, carnations and delphinium.

Members of the immediate family met at the home of the bride after the reception for a buffet luncheon. When the bride dressed for departure, she wore a peacock blue taffeta afternoon attire with white accessories and a corsage of white butterfly orchids.

The newly married couple will make their home in Sierra Madre after they return from their three-week honeymoon in the East where they will visit relatives in Ohio and Michigan. They plan to travel through Canada before returning home.

Scanning the Sports Scene With BOB BROGGER

All right, we're making the deadline for your predictions next Saturday, so hurry up and get yours in. Just predict the outcome of the Pacific Coast League and the pennant winners of the Major Leagues. The winners will receive two tickets to the USC-UCLA football game next fall.

Two thousand Junior Baseball League players in the Arcadia, Monrovia, East Pasadena and Sierra Madre area will attend the Fourth Annual Shrine Football game in the Coliseum Wednesday night, July 27, reports Earl Turner of Arcadia. A part of the Coliseum will be roped off for the little leaguers.

It's going to be quite an affair. You will see Dick Bass, the greatest high school back in the world last season, lead the North team in an attempt to smash the three-game winning streak of the South. Not only are the players from Northern California eager to topple the South but the coaches also are irked.

Bass played two seasons for Vallejo High School and was so sensational that his works on the gridiron were published in national magazines and he received many offers to attend college. Bass has decided to enroll at College of Pacific.

New listen to this... In 1953 Bass scored 186 points, averaging 12 yards every time he carried the ball. Last year every club and player centered on Bass, but still couldn't stop him. He rolled up 1964 yards on 133 carries for a 14.8 average, scored 37 touchdowns and kicked 34 points after touchdowns for 256 points. He's really going to be something to watch.

But wait a minute, South coaches, Jim Blewett of Manual and Aaron Wade of Centennial, claim they have a man to match him. In fact, they say they have a pair of quarterbacks who will prove to be better point scorers. They are John Hangartner of Glendale Hoover, who led the nation in passing last year. He threw 256 passes, completed 140 of them for an average of 5468. Next to him is the South's other quarterback, who was a close second—Lee Grosscup of Santa Monica who threw 147 times, completed 135 for 5465 average.

By the way, Jack Graham, the speedster from Pomona, has replaced Clayton Goudy of Anaheim at halfback. Graham has run the 100 in 9.7 twice, and was to be a big threat to Bob Poynter of Pasadena High in the CIF semi-final track meet but failed to beat the Pasadena flash. However, the South coaches say he will be their answer to phenomenal Dick Bass.

For those of you who have been inquiring about Gordon Figard's whereabouts, he is now playing shortstop for Des Moines. He just got married about a month ago. Gordon is a former Sierra Madrean and a basketball and baseball star for Muir.

Somebody better send a warning to Willie Mays of the New York Giants that a small Sierra Madre boy named Buddy Green is out to better the playing of the Giant star. Little Buddy, at the tender age of 15, already is beginning to show signs of greatness. Buddy plays for the Pasadena Junior Chamber of Commerce of the Colt League, and is stationed in right field. Last Sunday over at St. Francis High field, he practically saved the game by making a fantastic catch that brought the fans to their feet. Besides being quite a ball hawk, he's a very hefty hitter—batting a powerful .363. Last year he was on the championship Pony League team called the "Dukes."

Peter Parr Marks Eighth Birthday

Peter Parr, son of Mr. and Mrs. George L. Parr, 462 Marioposa, celebrated his birthday June 14 at a "Flag Day" party. Red, white and blue were carried out in the floral decorations and favors. The birthday cake was topped with a furred flag with the inscription written in blue.

Those guests in attendance were Kathie, Allen and Terry Ower, John Sewall, Carson Byrd and the guest of honor's brother, Stevie.

Thomas Miller, Jr. Family Returns From Del Monte Lodge Mr. and Mrs. Thomas Miller, Jr., 98 E. Sierra Madre Blvd., and their son, Bryan Dennis, recently returned from a stay at the Del Monte Lodge, Pebble Beach, Calif. Before returning home the travelers visited in Monterey and Carmel.

Silence may be golden, but the average person is willing to take someone else's word for it.

man is retiring to become Mrs. John D. Rounsefell at a marriage ceremony July 30 at the Congregational Church. She and the groom will live in Apple Valley.

Mrs. Matilda H. Smith, music teacher for both city schools, is the only teacher not leaving voluntarily. Because of budget cuts, her position as music teacher has been eliminated

for the present. Mrs. Smith will be Vocal Supervisor and Consultant of all schools in the Garvey District.

"I have truly enjoyed teaching in Sierra Madre," she said. "Tell the boys and girls to keep practicing. Maybe something will work out next year."

Mrs. Smith organized and directed the school orchestra as well as teaching vocal, instrumental, and music appreciation during her five years here.

Little League

Continued from Page 1

Harry Howard. The 10-inch ball will be used again this year, with the addition of plastic headguards. Players will be chosen for the various teams next Saturday.

The following rules will again govern the play of baseball by the Sierra Madre Little Coast League:

1. Pitcher may pitch a maximum of four (4) innings in any one game.
2. In event of accident, a player who has been taken out of the game may be reinstated, providing no other player is available.
3. Adults on field shall be limited to a first base coach, a third base coach, and a manager, per team.
4. No batter may run to first base after third strike.
5. Runner may steal any base except home.
6. The ball is declared "dead" after any member of the team returns the ball to the pitcher preparatory to starting a new play.
7. All players play a minimum of two innings.

Parents are asked to refrain from any type of coaching while the game is in progress. This courtesy will help make for team solidarity and better instruction on the part of those qualified to teach the boys.

The games will be played Monday, Wednesday and Fridays at the two public school ball diamonds, starting July 6. Warmup will begin at 5:30 p.m., with game starting time at 6 p.m. Eight o'clock shall be curfew time for the game. Six innings shall constitute a game, or five innings if the game runs until 8. Less than five innings shall not constitute a legal game.

Plans are being formulated to organize a "Pony League" for boys over 13 years old. Kenneth C. Rickard, Custer 5-1211, will be the coach if enough boys are interested. Registration may be made Saturday at City School playground at 1:15 p.m.

Lengthening Our Life

Producing lumber is our business in Humboldt County. Growing trees is the medicine that gives us perpetual life.

We are happy indeed to add to our holdings 300,000,000 feet of Redwood timber, from a company retiring from business. This extends greatly the time when we will have to cut trees in our reforested areas, now planned to cover 100,000 acres. It will permit those young trees to grow much larger, and thus increase further our timber supply.

7th-Day Adventist Helps Deaf and Dumb

A Buena Park preacher who talks with his hands is on a special duty assignment at the Seventh-day Adventist Camp Meeting in Lynwood.

John Issler, Seventh-day Adventist pastor of the deaf and dumb for the Southern California Conference, is translating meetings at the 11-day convocation into sign language for the benefit of his parishioners and their friends.

Issler, a native of Canada, started religious work for the deaf and dumb 15 years ago when his wife's uncle and aunt, who were deaf and dumb church members, encouraged him to learn the sign in order to teach the Bible to their friends.

For the past three years he has interpreted week-end services for deaf and dumb attendants at the Huntington Park Seventh-day Adventist Church. Last month he began work in the Los Angeles area as the first full-time Adventist minister for the deaf and dumb.

Congregational to Be Gideons' Host

The Gideons' International, a Christian business men's association organized for the purpose of procuring and distributing Bibles in schools, hotels, hospitals, army camps, and jails, will be the special guest at both the 9:30 and 11 o'clock services at the Congregational Church this coming Sunday morning.

They will explain their work and receive a parting offering for it. Mr. Lindsay will preach on the theme, "What's in the Bible?"

Family Night Supper At Congregational

A Family Night Supper will be held to herald the close of the Vacation Bible School at the Congregational Church a week from tonight. The supper, which will be pot-luck style, will begin at 6 p.m., to be followed by open house in the class rooms, and a program at 7:30 in the sanctuary of the church. Mrs. Thomas Solury is Director of the Bible School.

'Christian Science' to Be Sermon

The glory of God and His power and presence centers the discussion in the sermon on "Christian Science" in all Churches of Christ, Scientist, Sunday.

The Golden Text from Isaiah (40:5) declares, "The glory of the Lord shall be revealed, and all flesh shall see it together: for the mouth of the Lord hath spoken it."

According to a Bible passage from Matthew (9:2, 6, 7) Jesus asserted the freedom of the palsied man with the words, "Son, be of good cheer; thy sins be forgiven thee." When the scribes doubted this God-given authority over disease, Jesus said to the man, "Arise, take up thy bed, and go unto thine house. And he arose, and departed."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures," "The physical healing of Christian Science results now, as in Jesus' time, from the operation of divine Principle, before which sin and disease lose their reality in human consciousness and disappear as naturally and as necessarily as darkness gives place to light and sin to reformation." (p. Pref. xi).

DEPARTMENT STORES

Former Sierra Madrean Wins Honors in Law

Stewart Macaulay, who attended elementary school here and is now research assistant to Dean Spaeth of the law school at Stanford, will have a new residence in San Francisco when he becomes a law clerk in July for Chief Judge William E. Denman of the United States Court of Appeals for the Ninth Circuit.

Macaulay, who was admitted to the California Bar June 16, distinguished himself at Stanford not only by being graduated with honors in December, 1954, but also as Note Editor of the Stanford Law Review, election to Phi Beta Kappa on the basis of his A.B. record, and election to Order of the Coif in 1955 because of his high rank in the upper 10 per cent of his class.

During his years here when he attended Muir High School he broadcast a sports program over radio station KXLA and wrote sports reports for two Pasadena newspapers. He also played drums in a 3-piece swing combination.

He and his wife, Nini, have a daughter, Monica Ann, born last March.

EASTERN TRIP FOR MRS. PEGGY BURGESS

Mrs. Peggy Burgess, 382 N. Auburn, and her son, Tom, left this week for a 6-week trip through the East. After picking up a new car in Flint, Mich., they will holiday in New York and visit relatives in Westport, Conn., and Pennsylvania.

The higher grade politicians are seldom machine made.

Old Goods Collected To Aid Boys' Camp

School's out and in about two weeks the vanguard of some 700 boys will be heading for the St. Vincent de Paul Ranch Camp, which will open seven one-week periods June 30 in the Granada hills area of the Santa Susana Mountains.

A summer highlight can be provided for a needy youngster by contributing to the St. Vincent de Paul Campership Fund, 717 S. Burlington Ave., Los Angeles 57, or by donating unused articles to the St. Vincent de Paul Salvage Bureau.

Old newspapers, clothing, furniture, household appliances and other goods will be collected if you phone SYcamore 3-9371 in the Sierra Madre-Pasadena area.

Scholarship Award For Nancy Rogers

Nancy Rogers, daughter of Mr. and Mrs. William J. Rogers, 40 Suffolk, graduated from John Muir High School with Administrative Honors. She was one of 21 students out of the graduating class of 616 who had maintained a B-plus average for six semesters and received the award.

While at John Muir Miss Rogers was secretary of the California Scholarship Federation, executive board member of the Girls' League, a member of the senior class council, Civil Affairs Commission, Adolphian Society and the Contemporary Dance Club.

She is a graduate of Sierra Madre Elementary School and John Marshall Junior High School and will enter Pomona College next fall.

Friendship is a good deal like credit—the less you use it the better it is.

FIFTH GRADE ATHLETES at St. Rita School were honored recently at a party at the William R. Sidenfaden, 260 Hacienda in Arcadia, to celebrate the fifth graders' many victories in football, baseball, and track. Having won ten games out of ten in football during the school season, the young athletes won more top honors at a recent sports fete staged for the benefit of the San Gabriel Valley Catholic schools. They are, in

the front row from left to right: George Sheasby, Tim Hawkins, Jack Lynch, Buddy Burke, Tony Paegel, and Pat Eisman; second row, Frank Artukovich, Pat Osterman, Larry Morse, Gary Nuetzel, Bobby Sidenfaden, and Joe Reuter; third row, Joe Ellman, Larry Gonzales, Larry Bonney, James Keller, and Richard Morago. At the rear are Coach James Burke and Father James Pierce.

Ascension Parish Day School Makes Graduation Awards

The Class of 1955 of the Ascension Parish Day School, including three members who entered grade 1 when the school was opened in the Fall of 1947, received diplomas at the graduation exercises Thursday evening, June 17. Diplomas were presented and the graduation address was given by the Right Rev. Donald J. Campbell, Suffragan Bishop of the Diocese of Los Angeles.

"Eight Steps," a resume of the history of the school and the class, was given by the graduates, followed by the presentation of gifts to the school and church. An American Flag, a radio and half of a piano (the other half was given by the Class of '54) and a check for the Bishop's Fund, "Builders for Christ," represented the magazine sales prowess of members of the 7th and 8th grades.

Recognition was given Raymond Smith, the first pupil registered in the school, and to Marcia Northrop and Jeffrey Rickard, who entered the first grade with him. Jeffrey, the president of the class, was cited also for leadership and for generous use of exceptional musical ability as organist and piano accompanist for school services and programs.

Gail Ann Higgins and Laurie Perrin were honored for their contribution of musical and artistic talent. Thomas Steele for Christian Citizenship, and Robert Joehneck for constructive leadership and the highest scholastic standing in the class.

The most significant award was that of a metal plate, later mounted on the cloister wall of the school, bearing the inscription:

Ascension Parish Day School Class of 1955

In recognition of an outstanding contribution to the life and development of the School during its first eight years—1947-1955.

"The joy of the Lord is your strength."—Nehemiah 8:10.

The following graduates were presented to the Bishop by the Rev. Harley Gibbs Smith, Jr., rector of the Church of the Ascension:

Gail Ann Higgins, Robert Norman Joehneck, Thomas Charles Magill, Mary Grace McWade, Marcia Anne Northrop, Frederick Irvin O'Byrne, to school daily for the past six years; Laurie Perrin, Dale Emerson Reichard, Jeffrey Hancock Rickard, Barbara Jean Sanders, Raymond Harvey Smith, Thomas Emory Steele, and Diane Louise Toms.

The Alma Mater, with words and music by Elsie S. Higgins, dedicated to the Class of '55, was sung for the first time. This and other musical numbers were directed by Miss Julie Anderson, and the Rev. John G. Mills, rector of Christ Church, Ontario, acted as organist.

During the past weeks the class has had a well filled social calendar, beginning with Parents' Night program on May

26 a class picnic and swim party on June 2 at the home of the Stephen Composes in Arcadia; the springtime dance on June 10, followed by refreshments at Gwin's; Mass on Graduation Day with breakfast in the Parish House; and winding up with luncheon on June 18 at the Seafood Tavern as guests of the Parents' Club.

Honors Day and closing exercises for the school were held on Friday morning, June 18. All year the pupils have been concerned as to the future of Craig, a small dog who has accompanied his mistress, Laurie Perrin, an 8th grader, years. They were greatly relieved when Craig was presented with a beribboned diploma, stating that he had completed his course of study with honors and would be welcomed back as an alumnus of the school whenever he found it possible to return.

'Wonderful Town' To Be Sponsored By Gamma Phi Beta

The Gamma Phi Beta sorority will sponsor "Wonderful Town," Broadway's prize-winning hit, Wednesday, July 6, in its premiere at the Greek Theater.

In voting to adopt Gamma Phi's evening at the Greek Theater as its benefit affair of the year, the Pasadena Alumnae Chapter is cooperating with all other Southland chapters of the sorority which make up the Inter-City Council of Gamma Phi Beta.

Proceeds retained by this integrating group will be used for Gamma Phi Beta's Nursery Guild of the Hospital of the Good Samaritan, while other profits realized will be allotted proportionately to alumnae chapters for local causes as well as to summer camps and camps, the sorority's national philanthropy.

With "child welfare" as the general theme for philanthropic interests, members of the Pasadena Alumnae Chapter give time and financial aid to the Exceptional Children's Foundation of the San Gabriel Valley and the San Gabriel Valley Area Campfire Girls, as well as the Gamma Phi Beta sponsored activities at the Good Samaritan Hospital.

The west coast premiere of "Wonderful Town" will star Carol Channing and will feature the original New York supporting cast. Tickets may be ordered by calling Mrs. Herschel Jones at CUMberland 3-4945.

Eteri Club in Last Meeting For Season

The Eteri Club held its last meeting of the season recently at the home of Mrs. Victoria Avis, 745 Rim Road, Pasadena. Mrs. Winifred Nelson was co-hostess.

The Bible message was given by Miss Natalie Romans and a travelogue of color slides was presented by Mrs. John Bush.

Although the group will not meet again until September some of the members will continue with the braille project, writing Scripture for the Christian Fellowship for the Blind.

Mrs. Lester Packard will continue PTO to send monetary gifts and birthday cards to the children at the Faith Children's Home in Kentucky.

ALL-NIGHT PARKING PROHIBITED HERE

Police Chief Gordon McMillan asks the NEWS to remind Sierra Madreans that a City ordinance prohibits auto parking in all areas—both business and residential—for longer than one-half hour between 2 a.m. and 4 a.m. Recently it has been necessary for the police to issue numerous traffic tickets during these hours.

If no garage space is available within a radius of 600 feet from any residence, parking permits, valid for six months, will be issued by the department for a fee of \$1 per month. This fee is an investigation charge, to cover the costs of ascertaining the potential garage space in the neighborhood.

Compliance with the local law is a protection to the community, McMillan said, as it discourages theft of cars and accessories, and enables police to spot out-of-town vehicles. Also, the street sweeper, which operates during those hours, can accomplish a more thorough job.

LOCAL GRADS IN SANTA BARBARA CEREMONIES

Degrees of Bachelor of Arts were conferred upon two students from Sierra Madre by the University of California, Santa Barbara College, Saturday in the Library Court of the campus. They were Joan Lucille Young, 214 Olivera Lane, who majored in art, and Ronald J. Boorman, 137 Olive St., a major in physical education.

LIFE'S LESSON

People who cheapen themselves soon learn that the world does not care for bargains.

BAND MUSIC

Continued from Page 1

Mitchell and Band Director Roger Gray, in a surprise ceremony, as a "token of his appreciation for their untiring efforts" on behalf of the recreation department of Sierra Madre.

The Semanons, the recently organized teen-age group, were in charge of the refreshment booth for the evening.

Among the numbers presented, in addition to the "lead-the-band" feature, were several Sousa marches and the popular "Desert Song." Presentation of two rather difficult overtures showed considerable progress of the organization since its introduction in 1953, as indicated by comments from the listeners.

The next concert is scheduled for July 1, beginning at 8 p.m., when Director Gray will present more innovations and audience participation for the entertainment of all.

Teach Children to Swim Early, Parents Urged

Babies, even those at the comparative helpless age of 2 years, can be taught to swim well enough to save themselves if they fall into a neighbor's swimming pool.

This opinion was given yesterday by Paul Wolf, 50-yd. free-style crown holder for 15 years, Olympic and National champion and a member of the USC coaching staff.

Wolf operates the Paul Wolf's Olympic Swim School at 30 N. Sierra Madre Blvd., Pasadena, and has taught thousands of young boys and girls the art of swimming this past year.

STANDARD TESTS
"In our intramural program we have certain standard tests

for the youngsters to try on Saturdays. When they successfully pass these tests they are given achievement shields. This is all the competition I advise for beginners."

Wolf feels that teaching children to swim early is the best precaution to needless drowning. "Last year alone, 20 kids were drowned in private swimming pools in Los Angeles County."

If you are planning a vacation near water this summer and you have a youngster that can't swim, Paul's your man. For information on classes call SY. 3-2704 or stop out and see Paul Wolf at the pool.
